WHAT SIX-DAY RIDERS GET
FOR PEDALLING LONG WEEKPrizes Include Training Ex-
penses, Fare Here and
Bonuses on Side.RIDING in a six-day bicycle race is
an undertaking somewhat more
profitable than a glance at the
size of the purses would indicate.

The prizes offered are \$1,500 to the winner, \$1,000 for second, \$750 for third. From then on the prizes run down as low as \$100 to the fifth man.

For a six-day grind like that fatiguing roll around the garden \$1,500 does not seem very large for a winning rider, but when it is taken into consideration that none of these riders can lose anything it puts a new light on the financial side of the contest.

Every rider who finishes in the six-day race is paid some sum by the man-

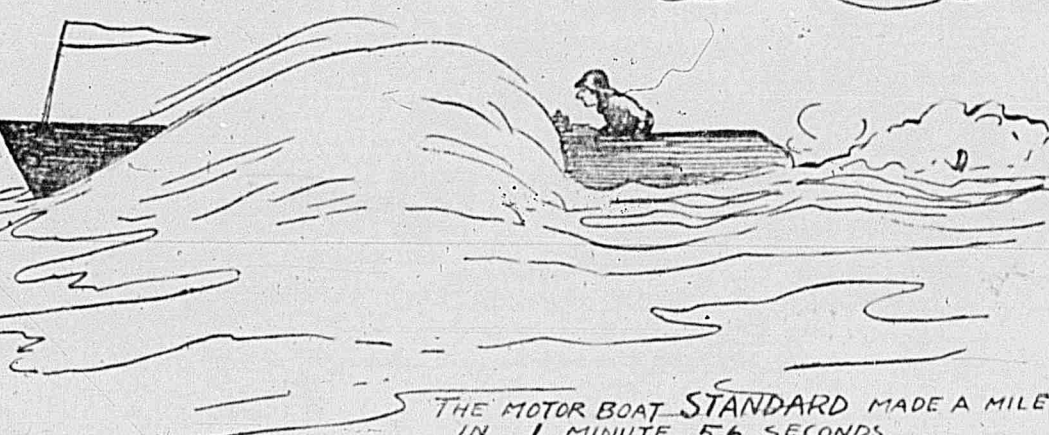

agement. No one is allowed to lose a week's work like that for nothing.

In addition to this the promoters of the six-day race pay the entire traveling and training expenses of every team that is entered.

Some of these riders come from as far as Amsterdam, Holland. Others come from France, Italy, Sweden and Scotland. It will thus be seen that the expense of getting the riders here is enormous in itself. After they arrive they are given training quarters and all the expenses in connection with these quarters, including meals, is paid by the promoters.

In addition to prizes some of the riders are paid bonuses and, taking it all in all, it is a very profitable week for them. The riders enter the race knowing that they have no chance to lose financially and at the same time go in to win and get the big share of the purse.

Those who quit are paid nothing but their traveling expenses to New York.

The first championship tournament of the new National Bowling Association will be held at Young's million-dollar pier, Atlantic City, beginning March 25, 1907. All arrangements will be made by the Philadelphia Bowling Tournament Association, of which Sylvester Kelleher is President and Joseph Estollet is Secretary.

First definite information as to the plans and arrangements as far as completed were given to a reporter for The Evening World to-day by M. J. Costa, a member of the Philadelphia Bowling Tournament Association, who was only yesterday that Mr. Costa closed the contract for the use of the pier building. Later he met the committee of the N. B. A. at the office of Frank Cluet, President, and explained the plans, which were satisfactory.

Mr. Costa read with great interest recent articles printed in The Evening World relative to the necessity of Eastern associations extending their influence to Western cities, where bowlers are dissatisfied with methods of the American Bowling Congress and with the view of strengthening the Eastern domination in the sport which is now possible. He was surprised to learn that nothing had been done by local organizations in this way.

As to the plans for the Atlantic City tournament, Mr. Costa was very enthusiastic. He said: "If the bowlers in Greater New York take hold of this matter as we expect they will we shall have the greatest bowling tournament ever held in America. We have a building 120x260 feet, well heated, and a dining room on the main floor and balcony for 8,000 spectators. There will be twelve of the best alleys money can buy—not of the cheap sectional sort made and laid by non-union men but of the continuous construction and put down for permanent use. Only the very best construction will be accepted on the strictest contract and guarantee."

"We have arranged so that 600 American teams may bowl all their games within eight days, and no bowler will be required to spend more than two days in the city. All credentials, tickets and numbers will be sent to the bowlers when the entrance fee is received, the entrance fee being \$5 per man in the five and two-men and \$10 per man in the ten-man and two-men events. Entries will positively close on the date set, and none will be added, as at Louisville, in the A. B. C. tournament last March. Any bowler in the United States is eligible."

"Another very important feature of the plans is to prepare and publish a complete schedule showing the exact time each team and man are to bowl on the alleys. It is also proposed that the schedule will be arranged by cities, by which plan bowlers from Greater New York will have two full days to themselves, the five-men teams rolling first, then the two-men and individuals. In this way no time will be lost by visitors, nor will it be necessary to wait around as at Louisville, for a turn on the alleys, or to keep bowling outside to keep in practice."

MATCH GAME BOWLERS
IN CLOSE CONTESTS.

George Waechter and J. C. Lang, members of the Square Deal B. C., rolled an interesting match contest of best two out of three games for \$25 a side at the Standard alleys, No. 520 Sixth street, last night. Waechter won. The scores: Waechter, 191, 225, 157; Lang, 201, 160, 183. In a series of best two out of three match games at the Broadway alleys, Brooklyn, H. Pringle and De Lavergne defeated Chastain and Johnny Nelson. The scores: Pringle, 246, 203, 187; Nelson, 181, 121, 181. De Lavergne, 199, 147, 160; Chastain, 181, 121, 181.

STRIKES AND SPARES.

When "Uncle John" Schilling heard that the Spartans had lost two games against Fidelis and Algonquin in the American National tournament he immediately began to practice in the hope of replacing Hildon on the team.

A meeting of the policemen who desire to enter the championship contest at Young's pier will be held at the Standard alleys, One Hundred and Twenty-fifth street, and Lenox avenue, Monday at 2 o'clock, when a large attendance is desired.

The annual election of officers in the United Bowling Clubs will be held at the Hotel Hamilton on Sunday, Jan. 1, 1907. The results of the election will be printed in yesterday's Evening World.
